

# FIXFLO FOR LANDLORDS

## WHAT IS **FIXFLO** ?

Fixflo is a maintenance management software, allowing agents to manage both reactive and planned works. It allows easy communication between all parties involved with the issue, as well as creating a full audit trail.

## BENEFITS TO YOU:

- 1 24/7 online repair reporting tool to protect your properties around the clock
- 2 Section 21 compliant
- 3 Helps to increase the rate of first-time fixes to help save you money
- 4 In-built advice for emergencies so occupiers know how to protect the property in urgent situations
- 5 Full history of repair and maintenance at all of your properties
- 6 Track and view the status of any maintenance issue
